

Missouri Cattlemen's Association

Serving Missouri's Cattle Industry Since 1911

Sept. 17, 2014

Dear Kenneth:

On behalf of the Missouri Cattlemen's Association, I am privileged to inform you that MCA's Policy and Legislative Affairs Committee voted to endorse your reelection. This committee decision was unanimously ratified by the MCA Board of Directors.

You are recognized as an elected leader who truly understand and values the importance of Missouri's farmers and ranchers to your district and to the entire state. Missouri is the second largest beef cattle state in the nation.

We are pleased to stand with you as you stand with Missouri's cattlemen and cattlemen. We thank you for your support.

Please feel free to include the Missouri Cattlemen's Association as an organization that endorses your campaign in any materials put together for your reelection. Here is a quote you may use in any news releases or other campaign material:

"The Missouri Cattlemen's Association strongly supports Representative Wilson in his bid to continue serving in the legislature. Rep. Wilson fully understands the importance of Missouri's family farmers and ranchers to his district and to the entire state of Missouri. He also sees the big picture and knows well the role Missouri's farmers and ranchers play in feeding a growing global population." – Mike Deering, MCA Executive Vice President

Thanks again for being a champion of Missouri agriculture.

Sincerely,

A handwritten signature in red ink that reads "Mike Deering". The signature is written in a cursive style.

Mike Deering
